**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I've been using the internet for business since 1984 when I used a 300 baud modem on AT&T phone lines. First 56k then DSL increased my cost dramatically so I was glad when Comcast entered the market. As their business evolved I "cut the cable" on video and was penalized by being charged more for a la carte pricing. Sonic is 10x, that's 10x faster for 1/2 the price. Cable and telecom are oligopolies bordering on monopolies. The law is on the books, Sherman Anti-Trust, enforce it and allow open competition on the infrastructure we have already paid for in fees passed onto consumers. Stop AT&T, Comcast /NBC Universal and new robber barons of our era.
